## When it comes to cruising, bigger isn't always better

Peregrine Adventure Cruising is a premium cruise without the premium crowds, whilst combining the real-life experiences of tried and tested small-group trips with the added comfort of a well-appointed leisure cruise.

**A personal touch** - Peregrine's boats have a maximum of 25 rooms. By the end of the trip, the waiters know how you take your coffee, you'll get to know your fellow passengers and have a chance to make real lasting friendships.

**Local flavours** - Each cruise's onboard menu is tailored to reflect the destination you're in. While onshore, your Peregrine leaders will also take you to the best local spots.

**Onboard activities** - Who needs casinos, bowling alleys and swimming pools when you have glittering waters of the Adriatic or Andaman on your doorstep? All ships have either a platform or a ladder at the back of the boat for swimming, so you can get in and out of the water with ease. There's also snorkel and fishing equipment, kayaks and more on certain departures.

**Home away from home** - The small ship cabins are roomy and comfortable, usually in either a twin or double configuration, and all come with ensembles. It's essentially staying in a floating 4-star hotel.

**A lighter footprint** - All cruises use renewable energy initiatives. By travelling in smaller groups, less waste is generated and you can reduce the problem of over-tourism by visiting smaller ports.

Small, intimate, comfortable and local-led. This is cruising at its finest.
